FOREWORD

Now that the time for parting has come,
Our regret is tempered by the knowledge that
Real Northeastern spirit does not end with
The last class, nor are friendships,
Held sacred through four years,
Easily cast aside. So, in later days,
As we look back on our
School experience, we sincerely hope
That this Cauldron will be an
Ever-present and happy
Reminder of our Alma Mater—
Northeastern.

To

EMIL A. GRAMSTORFF, AND ARTHUR B. MONTGOMERY

who have so generously given their time and support
through these four years, we, the Class of 1930,
dedicate this volume.

BASKETBALL BANQUET

The annual banquet of the Northeastern Basketball Team was held at the Hotel Kenmore on March 13, 1929. Manager Donald W. Clark was toastmaster. Vice-President Carl S. Ell, Professor Turner F. Garner, Dean Harold W. Melvin, and Professor John B. Pugsley were speakers of the evening.

Graduate Manager of Athletics Edward S. Parsons awarded the varsity basketball "N" to eight and numerals to two men.

Captain Joseph Placzek was re-elected captain for the 1929-1930 season, and Roger G. Eldridge was chosen manager.

Coach Rufus H. Bond commended the team on their showing during the past season. Henry Bradlee Fenno, "Daddy of Husky Sports", rendered a poem about the quips and pranks of the hoop team on its annual trip to New York, and then presented gold basketball watch charms to the players.

March 13, 1929.

DIVISION B RUSH

Northeastern's mid-winter carnival was held in the gymnasium on Thursday, March 14, 1929. The Freshmen scored a sweeping victory. All of the pre-rush dope was upset by the Freshmen, the final score being 450 to 100. The Frosh scored victories in the obstacle race, tug-of-war, relay race, and basketball game, while the Sophs were only able to win the volley ball game. The Sophomores lacked organization in the fight for class supremacy which resulted in their poor showing.

March 14, 1929.

SENATE

The Northeastern Senate, honorary society of the Engineering school, gave a banquet to its graduating members on the evening of April 11. Joseph P. McGuckian, 1930 E, of Roslindale was elected President. Professor Ingalls, faculty advisor of the Senate, spoke briefly to the new members on subjects pertaining to election to the fraternity.

NEWS BANQUET

The annual banquet of the *News* took place on Tuesday, April 16, 1929 at the Hotel Kenmore with 66 members of the staff and six guests present. Roger H. Smith, 1929 B.A., the retiring Associate Editor, acted as toastmaster. Ernest S. Hill, 1930 E, was elected Editor-in-Chief and Joseph P. McGuckian, 1930 E, Associate Editor. Toastmaster Smith awarded the *News* quill to twelve members of the staff.

Mr. Niles McSweeney, Assistant Sporting Editor of the *Boston Evening American*, was introduced as the guest speaker. He spoke on "The College Correspondent and His Relation to the Press." Other speakers included Vice-President Carl S. Ell, Dean Harold W. Melvin, Director of Acitvities, Professor Stanley G. Estes, Director of Publications, Mr. Everett C. Marston, Faculty Advisor to the *News*, and Mr. Edward R. Place, Director of Publicity.

April 16, 1929.

JUNIOR PROM

On Friday evening, April 19, 1929, the first combined Engineering-B. A. Junior Prom was held in the Grand Ballroom of the Hotel Statler. Four hundred couples danced to the music provided by Bert Lowe and his Hotel Statler Broadcasting Orchestra assisted by Billy Lossez and his syncopaters. The program opened at nine o'clock and the strains of Home Sweet Home concluded the Prom at four on Saturday morning. At midnight the grand march was held, followed by a banquet in the main banquet hall of the Statler. Favors, in the form of writing sets, were presented during the Promenade.

The faculty guests were Professor and Mrs. Emil A. Gramstorff, Mr. and Mrs. Arthur B. Montgomery, and Mr. William C. White and Miss Pauline Jones. Mr. H. Bradlee Fenno and Miss Dorothy Stone also were guests.

April 19, 1929.

SIGMA DELTA EPSILON

Sigma Delta Epsilon, honorary society of the School of Business Administration, held its annual banquet on Tuesday evening, April 23, 1929, at the University Club. Six newly elected members were initiated, after which Vernon D. O'Neil, 1931, of Cumberland, Maryland was elected President for the coming year. Mr. Charles W. Havice was unanimously chosen to continue as adviser to the society. At the close of dinner the entire group attended the Keith-Albee Memorial Theatre.

April 23, 1929.

STUDENT COUNCIL BANQUET

On Thursday evening, April 25, 1929, the Student Council held their annual banquet at the Hotel Lenox. George E. Lookup, 1929 E, presided at the head table which included Vice-President Carl S. Ell and Dean Harold W. Melvin the faculty members present, and the officers of the council. After several short speeches, the party adjourned to a local theatre where they witnessed a very enjoyable musical comedy.

April 25, 1929.

MUSICAL COMEDY BANQUET

The entire personnel of the musical comedy "Top O' The World," assembled for a banquet in the Crystal Ballroom of the Hotel Kenmore on Tuesday, April 30, 1929.

Thumbs down

This banquet was given to the staff and actors who helped put Northeastern on the map from the theatregoer's viewpoint. Mr. Edward R. Place and Professor Trentwell M. White, co-authors of the play, Samuel Zitter 1929 B.A., composer of the music, and Mr. Joseph Crossen, the dancing coach were special guests.

Raymond C. Hardin, 1930 E, was elected general manager of next year's production. Plans were tentatively made to make next year's play the biggest and best musical comedy ever presented by Northeastern students.

DEAN'S LIST DINNER

Seventy-two upperclassmen were guests at the second annual Dean's List Dinner held at the University Club on Saturday evening May 11, 1929. Dean Carl S. Ell awarded George H. Knox, 1931 B.A., of Northampton, a scholarship of $100.00 for having attained the highest scholastic grade of any student in the University. Dean Ell introduced a new feature, that of awarding a Certificate of Scholarship to the highest ranking senior. This award was made to Charles P. Goeller, 1929 E, of Jamaica Plain.

Dean Ell next presented Professor Turner F. Garner, who introduced the main speaker of the evening, Dr. William Trufant Foster, Director of the Pollak Foundation for Economic Research. Dr. Foster delivered an address which entailed many interesting facts on the subject of "Should Students Study."

TRACK BANQUET

Northeastern finished fifth in the New England Intercollegiates on Saturday, May 25, 1929. After the meet, the tracksters were feted to a banquet at the Hotel Kenmore. Medals were awarded to all men who broke records during the past year. Professor Winthrop E. Nightingale, Chairman of the Faculty Committee on Athletics, awarded letters to nineteen men. Dean Carl S. Ell paid tribute to the team and coaches. Coaches Zeller, Parsons, and Tatton expressed their appreciation of the cooperation that prevailed during the season. George E. Martin, 1929 E, was elected captain for the 1929-1930 season. Gifts of remembrance were presented to the letter men at the close of the banquet.

ANNUAL OUTING

The Annual Outing which concluded the program of social activities of Northeastern students was held on June 8, 1929 at Riverside. Special trains together with the students' autos provided transportation to the grounds in order that all might take part in the flag raising, and the presentation of the senior class colors to the freshman class. One of the highlights of the day was the Faculty-Senior baseball game. The former college stars were unable to cope with the hitting and fielding of the dignified

seniors, the professors being forced to bow to the students by the close score of 10 to 8. Field and water sports were featured during the day, and dancing and canoeing in the evening served to round out a very enjoyable program.

DIVISION A FRESHMAN

Brown Hall, in the Conservatory of Music Building, was the scene of the first social appearance of the class of 1934 when the Faculty-Freshman reception was held there on the evening of September 6. Talks by President Speare and Dean Ell, motion pictures of University life, and music by a trio from the Conservatory were features of the evening. The reception was brought to a close when refreshments were served by members of the student body.

The Student Union played host to the freshmen at the annual reception on September 20 in Bates Hall. The conventional program of speeches, amateur and professional entertainment, movies, and refreshments was augumented by the appearance of Husky. His stay was cut short by the excited freshmen, who proved too noisy for his naturally reticent character.

The sophomores proved their supposed superiority over the freshmen by winning the annual outdoor Rush classic, held this year at Huntington field, to the tune of 235 to 100. In the pole rush, the strategic attack of the defending sophomores on the approaching freshmen was not anticipated by the first-year men, and they were hopelessly outclassed. The closeness of the football game and the obstacle race, both of which resulted in tie scores, provided considerable interest and excitement. The comedy of the event was the six-legged race. This went to the sophs, 40 to 20.

As a result of their victory, the sophomores were royally entertained in Bates Hall, December 6, at a smoker given by the freshman class. Sizzling hot dance music by the freshman orchestra started a gay evening. Addresses by presidents of both classes and by two members of the faculty, Professor Holmes and Professor White, were the next offerings eagerly accepted. The appearance of a new musical club, the Saxophone Band, and other varied entertainment were hailed with great glee. The Hatchet ceremony, presided over by President Carr of the Student Council put an end to all strife between sophomores and freshmen. A mad struggle for refreshments concluded the evening.

SENIOR INFORMAL

The true opening of Northeastern's social season, the annual senior informal dance, was held in the crystal ballroom of the Hotel Kenmore. Three hundred couples crowded the dance floor and its environs—more might be said of the "environs" taxing the facilities of the ballroom to the utmost. It was a brilliant affair and started the social life of the University in a more successful manner than dances of previous years. Guests of the evening were Dean and Mrs. Ell, Professor Gramstorff and Mr. Alexander.

SOPHOMORE HOP

Division A sophomores added to their records a most excellent Hop on December 11 at the Tent—Northeastern's dance hall. Morey Pearl's artists provided their usual good music, delighting the two hundred couples who attended. Novel favors and the appearance of Morey himself helped make the dance unusually successful.

SOCCER BANQUET

Players, managers, and faculty members attended the annual soccer banquet at the University Club December 5. Toastmaster Russell E. Cobb presided, introducing the four speakers: Coach Priestly, Professor Bruce, Mr. H. B. Fenno, and Professor Nightingale. A gift of a billfold to each player by Mr. Fenno was an unlooked for tribute to the team. Alfred H. Booker was elected to the 1930 captaincy, and Harry Burton was chosen to head the managers. Letters and numerals were awarded to the players by Professor Nightingale.

DIVISION B RUSH

Completely outclassed, the sophomores were forced to relinquish whatever authority they may have thought they possessed over the freshmen as a result of the annual mid-wintet rush in the Johnson Memorial Gymnasium on January 16. The final score of 450 to 100 in favor of the first-year men testified to their superiority.

The basketball game was the only one of the five events that the hard-working sophs succeeded in capturing. Decreed forfeited to the yearlings by the Student Council, the first heat of the tug-of-war was really won by the sophomores—with one too many on their team. The other two heats of the rope contest, as well as the obstacle and the relay race, piled up a score of 350 for the "freshies". The additional 100 points was gained in the volley ball game in which all members of each class took a part.

MIDWINTER CONCERT AND DANCE

The outstanding feature of this season's Annual Midwinter Concert and Dance, held at the Boston City Club on the evening of January 17 was the appearance of Mr. Rubon Y. Robison, the guest soloist of the evening. The concert program was enjoyed until ten-thirty.

A hard fought battle of music between the Bacchanalians, the official University dance team, and a group of Freshman jazz artists was a decided hit on the second part of the affair. The dancers can best decide to which belongs the honors.

Such a successful public presentation of the musical efforts of the University sets a new standard for Northeastern's future musical clubs.

The Senate

THE honorary society of the School of Engineering was organized May 3, 1921. Aspirants for membership in the Senate are considered upon a threefold basis: scholastic attainment, character, and personality.

At one of the early meetings, the name "The Senate" was adopted. A charm in the form of a scroll with the word, "Senate", in old English letters on the front and suitably engraved on the back, was chosen as the official insignia of the society. The purpose of the society was thus stated: "To foster and promote high scholarship and social activity".

There are at present 127 alumni members, the majority of whom keep in active touch with the undergraduate organization. About 20 undergraduates are elected to membership each year.

The annual program of the Senate is as follows: Meetings of a social or educational nature each five-week period of the fall; the annual Senate alumni dinner in the early winter; business and election meetings in February and March followed by initiation and social meetings; and in June the annual Farewell Banquet in honor of the Senior Senators.

It is traditional that membership in the Senate is the *highest honor* which can be conferred upon a student at Northeastern University, School of Engineering. This is so because it is recognized that, although scholarship is the fundamental basis upon which the Senate is built, yet its rules recognize the fact that high scholarship is but one of the characteristics of an all-round, outstanding man. The Senate scroll is awarded only to one who, by his excellence in scholarship, integrity of character, diligence in extra curricula activities, and faithful endeavor in the interests of his fellow students, has demonstrated his ability and shown his love for his Alma Mater.

ELECTION to Sigma Delta Epsilon, the honorary society of the School of Business Administration, is the highest honor that can be conferred upon a student in this school. Those who are eligible for election are considered upon the basis of sound scholarship, personal character, and University activities. The men privileged to wear the gold key of the society are notable for their general leadership in undergraduate life. Carrying high standards into their business and professional careers, Sigma Delta Epsilon alumni are to be found in eminent places among the younger graduates.

While this honor group functions quietly, its dignified influence lends a definite tone to the school. By reason of its rigid requirements, the active membership is never large. Usually about six men are elected each year. Meetings are held at least once a month; an annual prize is awarded to a freshman most worthy on the basis of scholarship, character and activities; and several times each year the alumni meet with the undergraduates for a social evening.

The gold key of the society is rhombic in design with the symbolism and the Greek letters Sigma Delta Epsilon engraved upon its face.

THE University Student Council is primarily a body endowed with the power to govern student activities. The Council organized this year early in the fall under its two presidents, and has worked very efficiently.

The Freshman-Sophomore relationships have been handled in a very satisfactory manner this year by both councils. The Division A Group inaugurated the precedent of manual labor for recalcitrant freshmen.

In addition to the large amount of work entailed in interclass relationships, the Council has considered many matters of policy and has made many important decisions. The Council has gradually increased its scope of activities and tends more and more to make itself felt as an aggressive and positive factor in student activities.

THE Interfraternity Council is a representative group governing interfraternity relationships. It is composed of two members from each of the twelve fraternities of the Engineering and Business Administration Schools. The Council is now in its third year, and the friendly spirit and harmony existing among the fraternities is largely due to the efforts of this organization.

The Council is advised by Mr. Ellison and its decisions are reviewed and checked by the Faculty Committee on Fraternities composed of the faculty advisers of the several fraternities.

THE Northeastern Student Union has enlarged its program so that it serves in many ways the entire student body. Its threefold activities—social, service, and spiritual—have extended themselves into all branches of student life.

One of the Union's most notable achievements is the weekly chapel service. Many eminent preachers serve as chapel speakers.

In its noon-hour programs, the Union has sponsored a variety of educational and entertaining features including popular lectures, movies, and forums.

Through its Service and Welfare department letters, copies of the *News*, flowers, and fruit have been sent to ill students; moreover, visits have often been made. The Lost and Found department has also been of great service. Over 2000 articles were returned during the year.

The Reading and Writing Room is comfortably appointed for the use of all Students. Lounging chairs, study tables, writing desks, magazines and newspapers are to be found in this room. "Husky" stationery, pens and ink are always available.

The social activities have included several large receptions and a number of smaller social programs.

Through its diversified intercollegiate contact the Union has given dignified publicity to the University. Delegates were sent to a large number of student conferences throughout the year.

The *Handbook* is published annually by the Northeastern Student Union, and is issued to students at the beginning of the College year. It contains detailed information concerning athletics, class activities, and organizations in the school. Schedules, a daily diary, songs, cheers, and important dates in the college calendar make the book of great value.

The Track Season

Coach Parsons

THE varsity track team shaped up as one of the best in New England this year. The Huskies made some very fine showings in the track carnivals and N. E. A. A. A. U. championships during the winter. The prospects for the outdoor season were particularly bright for the dual meet with Springfield; the Greater Boston Intercollegiates; the Eastern Intercollegiates; and the New England Intercollegiates.

The handicap meet in the fall was marked by some good performances. Algot Forsberg featured by throwing the javelin over 170 feet several times.

A summary of the winter's activities is interesting in showing the strides that the Husky runners have taken during last year. The Prout Memorial Games were marked by a Northeastern relay victory over the University of Maine, the Huskies winning by one-third of a lap. The relay team consisted of James Falt, James McCrudden, Wilrose Hanson, and Frank Shea, running in that order.

Then came the Millrose Games in New York. In this meet our relay team ran against Fordham, New Hampshire, and Manhattan. The Husky quartet placed third in this race under rather adverse running conditions.

The B. A. A. Games at the Boston Arena saw the relay four triumph in fine style over Bates and New Hampshire. This victory was so impressive that it more than made up for the defeat which the quartet had suffered at the hand of New Hampshire at the Millrose Games. Powers flashed through to a third place in the hurdles barely being headed by Monty Wells, world's record holder, and McDonald of Holy Cross.

The N. E. A. A. A. U. championship events at the Boston Arena attracted several Northeastern entries. Lou Sobey started the afternoon right by making a sensational spurt in the final heat of the 40-yard sprint championships and capturing second place. Red Thompson, Northeastern's premier 1000-yard runner followed Sobey's example by running a beautiful front race all of the way in the 1000-yard championship run, barely being nipped by Wesley of Harvard as he crossed the tape. James McCrudden running the 600-yard championship won his trial heat in the fast time of 1:20 2-5 seconds and in the final heat he battled all the way, and on the final lap let loose with a terrific sprint which won him first place in the fast time of 1:18 2-5 seconds.

An undefeated outdoor season up to the New Englands was predicted, and the Huskies were favored to do better than ever in the New Englands.

Coach Zeller

Freshman Track Season

LLOYD ALLEN, former Medford High athlete, was the leading point scorer of the Northeastern freshman track team. Allen, undefeated in the 600-yard event, a member of the championship freshman mile relay team at the B. A. A. meet and a scorer in the dash, piled up 19 points in individual events against Lowell High, Huntington School and Brown freshmen.

Allen was pushed for scoring honors by Orie Ouellette, old Brockton High star, who gathered 16 points in dash, hurdles and 300, and also ran in the relay. Robert Grieve, of Waterbury, Conn., and Suffield School, anchor of the winning relay team at the B. A. A. meet, also picked up 12 points in 300 and 600, while Albert Bertelsen from Concord High, scored 11 in high jump and hurdles.

Other freshman scorers in individual events were Sygmund Bennett, Hyde Park High, shotput, 7; Arthur Hardy, Lynn English High, 5; Langley Morang, Waltham High, 1000-yard run, 4; Paul Hillman, Barre High, 300-yard run, 3; John Robinson, Concord High, 1000-yard run, 3; Raymond Pressey, Salem High, 600-yard run, 3; John Taylor, Dedham High, shotput, 1 1-2, and Daniel Ryan, Medford High, shotput, 1.

Morang, Hillman, Allen and Grieve comprised the mile relay team which defeated B. C., Dartmouth, Norwich Free Academy, M. I. T., N. H., B. U. and Holy Cross entries at the B. A. A. meet. Ouellette ran in Morang's place in the freshmen's victories over Brighton Academy at the Boston "Y" meet and also against Huntington School. The only reverse was at Lowell High, when Pressey suffered a bad fall in his only relay start.

The highlight of the season was the 36-27 victory over the Brown freshmen at Providence, in which Allen won the 600 in 1:2; his fastest time of the season. Pressey and Grieve finished behind him to give the Husky pups a clean sweep in the event. Grieve won the 300 in fast time, 35 3-5 seconds, Hardy took the dash, with Ouellette second, in 5 2-5. Bertelsen cleared 5 feet, 10 inches to tie for first in the high jump. Morang barely failed to win the 1000.

Ouellette has finished no worse than second in hurdles or dash all season, doubling up in these events regularly. He was also a finalist in the N. E. A. A. U. dash this winter, in which a Northeastern varsity star, Louis Sobey, was second. As William Repetto, Northeastern record-holder at 40, 100 and 220 yards, was shut out in his heat, Ouellette's performance stamps him as a fine prospect.

This material will certainly bolster up the ranks of the varsity team next year.

The Basketball Season

MARCH 1 brought to a close a strenuous and successful basketball season, yet one marked with some disappointing defeats. There were six victories registered with eight defeats.

The season opened with Providence College at Providence. The Dominicans had a veteran team and won by the decisive score of 48-21.

Clark, the next opponent, did not offer much opposition in our first home game. The Huskies emerged victorious by a score of 42-21.

Newport Naval Training Station was the next victim. Their men were large, but they could not break up the passing game of the home team, the Huskies won 36-31.

The team next journeyed to Worcester where Holy Cross was met. The game developed into more of a football game than a basketball game, the final score being Holy Cross 48, Northeastern 33.

Massachusetts Aggies was our next opponent at Amherst. What a game! First one team was ahead, then the other. Not until the final minute was either team sure of victory. With a final burst of speed, M. A. C. pulled ahead to win by two points, the final score being 25-23.

The next contest was with Rhode Island State at Kingston. Again, not until the final minute was either team sure of victory. R.I.S. won by the close score of 45-42.

On January 18 the Huskies entertained New Hampshire at Johnson Gymnasium. The game was close and we came out of the battle victorious, 32-27.

Upsala proved to be an easy victim, the home team winning by the large score of 70-32.

The return game with Clark at Worcester resulted in a win by a score of 52-44.

What a game we had against Tufts, the Medford rivals! Tufts forged ahead but the Red and Black fought hard to overcome an early lead, but failed by eight points. The final score was Tufts 42, N. U. 34.

Williams gave us the worst beating of the season. The team played well the first ten minutes of the game but could not keep up with the pace of the opponents. The Williams team played a fine game and won by the large score of 53-30.

On Washington's Birthday, R. I. S. engaged in a return game at the Johnson Gymnasium. The state college team was forced to play an overtime period before they could subdue the Huskies by the close score of 38-34.

The team journeyed to Wesleyan to be defeated by seven points. The game was featured by close guarding by both teams. The final score was 33-26.

The final game of the season proved to be the best game of the year from the spectators' point of view. Brooklyn City College of New York was the opponent. The game went to two overtime periods, the Huskies emerging victorious by three points, the final score being N. U. 44, B. C. C. N. Y. 41.

Much credit must be given to Coach McCoy for his first year's work as coach at Northeastern. Captain Tiffany was the high point scorer of the team and ranks as fourth highest scorer in New England.

The Soccer Season

THE Husky Soccer team enjoyed a fairly successful season this year. They won five games, lost three and tied two. "Herb" Tiffany, Northeastern's only three letter man, was the individual offensive star of the season, making a total of twelve goals. The roster of individual stars should include Captain Hess, Bazeley, Booker, and Thompson, in addition to Tiffany. Madeiros and Franco turned in some excellent performances until they were ruled ineligible. The team at times showed flashes of the form which had enabled them to pass through two years of intercollegiate competition undefeated. However, there were other times when they were totally lacking in the team play and punch that makes a winning team.

Bridgewater Normal was their first opponent in an unexpectedly hard-fought contest on the home field which resulted in a 3 to 2 win for N. U. Franco and Tiffany were the outstanding players and the team, except for a few early season errors looked very promising.

The next game was with a highly-rated eleven from Springfield College which outweighed the Northeastern team twenty-five pounds to the man. This was one of the hardest games played by the Huskies this year. Captain Hess, playing his usual heady game was instrumental time and again in preventing the Springfield team from scoring. Tom Melia, goalie, helped to keep the score down by a number of difficult saves.

The third game of the season with Amherst was disappointing in that although the Red and Black kept the ball well within the enemy territory throughout the contest they were unable to score. The result was a 0 to 0 tie.

Connecticut Aggies came to Boston on October 19 only to be sent home smarting under the sting of a 9 to 0 defeat. Tiffany scored five goals and Melia took a rest under the crossbar.

The following week the Huskies whitewashed Fitchburg Normal 3 to 0 despite the loss of Franco and Madeiros who were ineligible for the rest of the season. Tiffany and Thompson each booted a counter by the Fitchburg goalie.

The next contest marked the first loss in two years when Harvard avenged their defeat of last season by overwhelming a Northeastern team which seemed to have lost their passing ability by the score of 5 to 1. In the closing minutes of the game Tiffany scored the lone marker for the Huskies when he slipped in a difficult shot from the side.

The second loss came the next week when Clark University came out on the big end of a 2 to 1 score after a

long, hard fight. The one score for the home team was made when Tiffany rushed the Clark goalie after a beautiful free kick from the center of the field by Fred Hess had almost gone between the posts.

M. I. T. was the loser by a 3 to 2 score on November 9. It was a closely contested game during which even the most confirmed optimist could not be sure of a Northeastern win, for M. I. T. with her flying forwards was no easy mark. Tiffany played a great game, scoring twice. Booker made the other goal on a free kick—a very well-placed shot.

A few days later the N. U. eleven garnered their final victory of the season over Worcester Polytechnic Institute on their own field, the score being 2 to 0. Tiffany and Thompson made the goals.

The last contest of the season with Dartmouth College at Hanover resulted in a 5 to 0 victory for the New Hampshire college. The Northeastern team was completely outclassed by the Big Green.

A perusal of the scores of the various games brings to light the fact that the Red and Black scored a total of twenty-three points to their opponents' seventeen. On the whole it was a good season and N. U. may well be proud of the showing made by the "booters" under the able direction of Coach Dave Priestly.

At the conclusion of the soccer season the annual banquet was held at the University Club, and "Al" Booker was elected Captain of next year's squad.

All the first string men except Hess, Bazeley, and Melia will be back on the squad next year and all indications point to a still better soccer team when evening practice starts under the mellow glow of the flood-lights at Huntington Field this fall.

The Baseball Season

THE feature of the 1929 baseball season was the closeness of most of the games. The majority of the games lost were lost by only one or two runs. The season opened and closed with victories although they were not numerous. Dartmouth was given quite a score, being forced to use its best players to nose out a victory over the Husky batsmen.

The season closed giving Northeastern its first three letter man, Herbert Tiffany, who had previously won his insignia in soccer and basketball.

Graduation claimed some of the star members of our 1929 squad in the persons of Captain Neil Mahoney, who was one of the best college receivers in the East; Ray Richardson and "Ike" Whittum our pitching stars; "Eddie" Goodwin, keystone sack guardian, and "Tink" Ranney, star outfielder.

The 1930 season will see the team under a new coach. Coach Rufus Bond who has been here since 1923 was forced to give up the reins because of his law practice. Alfred M. McCoy will start his first season as coach with Warren Nutter as captain and George Thompson as manager.

The greatest problem confronting Coach McCoy will be pitchers. The only pitcher left from last season is "Hal" Somerville, southpaw, the only veteran of three seasons. The rest of the team will be moulded around Captain Nutter who has held down the bat corner for two seasons, "Billy" Carter, the sensational shortstop, "Herb" Tiffany, second baseman, "Bill" Symancyk, catcher and outfielder, "Dick" Cook, "Red" Hassell and "Stewie" Presper, all outfielders. All of these players are on some of the other varsity squads this year.

The schedule for the season is quite attractive. Two week-end trips replace the usual long trip. Union, Clark and Bowdoin have returned to our schedule after a brief absence. This season will mark the initial appearance of Trinity on our list of baseball opponents.

The Hockey Season

LED by Captain Charles A. Kerins, the Huskies made their debut in intercollegiate hockey circles last winter and enjoyed a fair season. Although the team won but two of seven games, it was never outclassed. In the opening contest against Brown, our opponents were forced to play twenty minutes overtime before gaining the verdict.

The defensive play was an outstanding feature of the team's season. Milton Kuposky and Mario DeFazio each turned in some fine performances in the nets, Kuposky shut out M. A. C. 1-0, and DeFazio held Bowdoin scoreless, the score being 4-0. Captain Kerins and Roger Emery were towers of strength on the outer defense posts and gave the enemy few easy shots at the Huskies' cage.

The forward line composed of Dick Sommers at left wing, George Martin at center and Billy Carter patrolling the right lane, played some brilliant hockey. Although they were small of stature they more than held their own when in the thick of a scrimmage. Martin was forced to withdraw from the squad in mid-season to assume his duties as Captain of the varsity track squad. Adolf Kreusel proved a capable understudy to Martin however, in the last few games.

Captain Kerins was the leading scorer of the team and was probably the one outstanding hockey player on the squad. His leadership on the ice pulled the team together and by his own spectacular play, he inspired his mates to fight on and win. As he graduates this June, his place will be a hard one for Coach Raymond to fill next season.

A lack of capable reserves was the biggest problem confronting the coach last season. The team as a whole was light, but fast and shifty. One bright spot appears on the horizon in the fact that many freshmen were on the squad last winter. With a year's experience under their belts, they should be valuable next season as regulars or spares.

The highlight of the season was the return game at the Arena with Bowdoin when the Huskies avenged a previous 2-1 defeat by blanking the Polar Bears 4-0. This game was played before the largest crowd of Northeastern rooters to attend any home game. Sommers, Emery and Kerins starred.

Billy Carter played in hard luck all season. A brilliant stick-handler, he was often in on the opponent's cage but some trick of fate deprived him of the scoring chance before he could get a shot away. He gained some satisfaction against Brown however, at the Arena, as he caged the only Red and Black goal of the evening.

As only Captain Kerins and George Martin are seniors, next year's team should win the majority of its games and rival basketball for the popularity of the Northeastern sport followers.

Jokes

CARR: Who is the tall man with a moustache in 2H?
ESTES: Do you, by any chance, refer to me?
CARR: No I mean the good looking man.

The height of irony—Prof. Estes "Gentlemen."

Quotations:

DEAN MELVIN—"In front we have, Mr. Hatch, Mr. O'Neil, and human beings."
"College men never feel romantic love, they only act peculiar."
MR. GABINE—"Remember fellows this vorld is not an animal rescue league."
PROF. D'ALESSANDRO—"How can I teach you if you don't come to see me."
PROF. JACKSON—"Electric refrigerators are conducive to a stronger resemblance between father and children."
PROF. BRUCE—"So he debits Horses and credits Blacksmiths."
PROF. MCGUIRE—"My class ends in the third row."
MR. PORTER—"Best credit risk is the man who swears the loudest."

GREAT DISCOVERIES AT N. U.

1. Sophomores discover that Wheatstone Bridge cannot be crossed.
2. Al Morang finds a benzine ring and a couple of end-points in a Freshman's locker.
3. Neiditz finds a defect in a curve in the text-book. (Page creased).
4. Freshman Mechanical finds he can't carry a pail of steam.
5. McGregor finds acid has affinity for his trousers.
6. Ed Ellis discovers that I-R drops are not sold in drug stores.
7. Sophomore Civils find frogs exist on railroad tracks.
8. Adelman discovers that jobs don't grow on trees.
9. Fraternities discover that P. G. P. has a fairly good basketball team.
10. Prof. White discovers that Husky makes a better dog than actor.
11. Newton Farmers discover that Husky has a weakness for chicken "polkas".
12. Freshmen look out of windows in 7-H and make great discoveries.
13. Scholnick discovers he is an actor.
14. S. O. P. finds bearded ladies in its frat house.
15. Freshmen discover theatres, dance-halls, restaurants, drug-stores, barber-shops, Beauty Parlors, etcetera on the college campus.
16. Mancuso finds that none of the leg shows in Boston show the Brownian Movement.

YOUNG THING (*to N. U. co-op student in factory*): "Hey, you, why the belt and suspenders too, don't you trust your trousers?"

ROSOFF (*in Chem Lab after breaking a thermometer*): "I'll be blankety-blank-blank-blank—, the third one in two weeks! What the blankety-blank-blank-blank-."
PROF. MCGUIRE: "Remember, young man, you're in the Y. M. C. A. now!

PROF. PUGLSEY: "Do I understand that you refuse to pay your tuition?"
STUDENT: "Oh, no, I just refrain from paying it."

BOSTON VISITORS

FARMER BROWN'S DAUGHTER (*in the city for the first time*): "Oh, daddy, look at the Northeastern green freshman."
FARMER BROWN: "Let's go, honey, he may be as dangerous as a ripe one."

THE REASON

ALPHA: "Why are they burying the professor on the side of that hill?"
BETA: "Because he is dead."

PROF. MCGUIRE: "What happens to this solution, Felix?"
FELIX (*remains silent*).
PROF. MCGUIRE (*peeved*): "Nothing!"
FELIX: "I said nothing."

There was a young lady named Hyde
Who ate green apples and died;
The apples fermented inside the lamented
Forming cider inside her inside.

A WORD TO THE WISE

In promulgating your esoteric cogitations and articulating your superficial sentimentalities and amiable, amicable philosophical observations beware of platitudinous ponderosity.

There was a young girl named Sharkey
Who foolishly married a darky;
To atone for her sins she had three sets of twins
Two white, two black, and two khaki.

HUSKY SAYS—

The difference between a student and prof is that a student looks forward, and a prof remembers.

The ideal report card is the report card that is never given.

Northeastern stenogs hate to be made saints against their wills.

Happy is he who meets Prof. Gee. His other troubles are soon forgotten.

Whom the profs would flunk, they first make glad.

There is no sense in keeping your homework at home.

Profs pass those they must; they flunk those whom they please.

To go around with a D average and look as though you are studying hard is one of the first things to be learned at a college.

All students are the same, and some are worse.

When you are looking for an opening, be careful that you don't find yourself in a hole.

Love is a man's crazy desire to become a woman's meal-ticket.

Love will not be denied.—Ask Bill Sudack.

At the place of the Junior Prom there are no clocks.

If all the power used by Northeastern students in making up excuses could be harnessed it would drive the entire Boston Elevated System.

Never ask girls not to tell, it puts the idea into their heads.

If students want to lose their hearts or hands over women let them do it; but don't let them lose their heads.

Stupid students have their uses. They give bright ones additional opportunities.

A student who thinks all he says may be wise; but the student who says all he thinks is foolish.

All profs in the Law School grow hopeful when they see a pretty co-ed.

No student can be nice enough to the kid brother of a sweet dame.

A Northeastern graduate has just returned to his home town to find that the people there sleep nights instead of days.

Ed Swartz (*looking at graduation pictures of himself*): "Which do you think is the best?"

Bill Sudack: "I think the one of you with the cap and gown over your face is the best."

Prof. McGuire (*in conference room*): "I've heard *that* motion moved twice."

Landlady (*to freshman hiring a room on Hemenway Street*): "It's all right to have visitors but your lights must be out by eleven o'clock."

FAVORITE SAYINGS OF FAVORITE PROFS.

Prof. McGuire: "I take it for granted you had this last year and passed it."
Pop Smith: "You men jolly well know."
Pop Strahan: "Where did you get this equation?"
Prof. Porter: "You men work this out for yourselves."
Prof. Baker: "Your attitude counts a lot."
Prof. Towle: "I'm going out to get some jobs."
Prof. Gramstorff: "You are supposed to know that."
Mr. Baird: "How do you expect to pass this course."
Prof. Zeller: "Watch out! Watch out! That shot will kill you."
Mr. Gabine: "Vensday, ve vill have lav work."
Prof. Speare: ' If you make an algebraic mistake I'll flunk you."
Prof. Muckenhoff: "You know that, I don't have to tell you."
Prof. Bruce: "What is Accountancy?"
Prof. Coolidge: "Ho! Ho! Ho!"
Doctor Straus: "Ein gut morgan, meine Kinder."
Prof. Parsons: "Got a doctor's certificate."
Prof. Havice: "I now pronounce you man and wife."
Mr. Everett: "Come back next week. I'll see what I can do for you."

CO-OPERATING ON CO-OP

The scene is in a lab of a household boiler concern. Three Div. B Co-op men are attempting to loosen a large stubborn pipe. After a vain effort one co-op man gets a brilliant idea.—"George, you get the four-foot Stillson and pull hard. Ed, you help George and I'll help by grunting." The pipe was loosened.

"The world has garlands and applause
At graduation time
But may forget us the next day
When we attempt to climb."

THE NOSE

The nose that is made for the people
  Is home for the sneeze and the smell;
All over the world it is followed
  Like Echo e'er follows a yell.

It works hand in hand with the arrow
  And is to the chemist, first aid;
The snub nose, the hawk nose, the starved nose,
  The pugnose and those that are "made".

The nose is creator of music
  Betrayer of character too;
It makes you feel sorry for soneone
  Or sends a big laugh right through you.

It always is picked at by soneone
  E'en though it gives people a hunch;
No matter how hard you can blow it
  The nose is the seat for the punch.

NORTHEASTERN CLASS ODE

We have come to the goal aye, too soon dear old friends
After work and good times we must part;
We must leave the dear walls of Northeastern e'en now,
Here's to Husky, long life from each heart.
We have travelled together a few good short years,
Yes, together shared joys and bad breaks;
Now a fork's in the road, we must choose our own path,
Let us part, as we met, with handshakes.

We'll continue the journey with sure steps alone
Alma Mater has lightened our way;
Through the years that we'll move we'll not darken her name
But love her to the dusk of life's day.
And fond fancies will oft Old Northeastern recall,
Whether fortune or fame us o'ertakes;
Come what may for our lot, whether big things or small
Let us part as we met, with handshakes.

S. N. '30

With the aid of student volunteers Pittsburgh scientists are making a study of sleep. Why the deuce didn't they start the test at Northeastern.

There was an old sculptor named Phidias
Whose statues were perfectly hideous;
He made Aphrodite without any nightie
Thus arousing the ultra-fastidious.

THE DREAM OF ANY NORTHEASTERN LIBRARIAN

That all the Senior Chems be stricken dumb (at least while in the library).

LINDY: "Going to eat now, Doc?"

DOC.: "Naw, I'm going down to the Spa."

There was a young lady named Danker
Who retired before the ship had weighed anchor
But she woke in dismay when she heard the mate say,
"Let us take down the 'top sheet' and 'spanker'."

BUCKLEY: "What is the function of the lungs and liver as related to kidneys?"

APOSTOLE (*in conference talking on the functions of the kidneys*): "The lungs are the chief-chemists of the body. The liver is the assistant chief-chemist.

BUCKLEY: "How about the kidneys?"

APOSTOLE (*scratching his head*): "Well, the kidneys are doing co-op jobs."

"Yes," said Mr. Baird, "I'll make him stay back!" So the taxi driver had to wait behind Mr. Baird's car until Mr. Baird made up his mind to drive on.

PROF. NIGHTINGALE: "So you insulted your employer. Can you deny it?"

CO-OP MAN: "I can, sir if it will help me any."

IT FELL, AND HOW!

SI: "The thermometer has fallen."

MORANG: "Very much?"

SI: "About five feet."

KITTY

She is the darling of my heart
I love the way she plays her part.

She's not as false as she is fair,
Like some brunettes on earth I swear.

She knows not what it is to sin
Nor smoke, nor swear, nor to drink gin.

When I come home from work at night
She looks at me with eyes so bright.

I have to smile—forget my pains
(Although the creature has no brains).

And then I startle and grow sad
To think the end, if she were dead.

Then I shall never see her well
Neither in Heaven nor in Hell.

For she is nothing but a cat,
While I'm a man and that is that.
